

Accura Precision Hardware Product Detail Our PN 30830 4" Round x 2-3/8" Round Nylon External Cantilever Roller Set

Rollers are packaged and priced in sets of 4 including pre-installed covers, stops (2) and protective panel bracket (1).

1. Included covers, stops and brackets make it easy to comply with ASTM 2200 requirements for an infill panel for automated gates.
2. Full 7" dia Nylon rollers roll smoothly and easily extending the life of expensive operators. Compare to competing 6" plastic roller.
3. Maintenance free permanently sealed 62/28 ball bearing are protected by nylon dust covers.
4. Stops protect the cover from damage and from rollers getting knocked out of alignment by gate end stops striking them.
5. Vented covers are UV stabilized to work top or bottom. Preinstalled saving field labor and fixed in place by the set bolt and gussets.
6. Three-way gusseted heavy duty 5/16" steel bracket design can be tightened securely without fear of cracking like a cast bracket.
7. 4" round bracket is easily adapted with custom U bolts to fit 2-7/8" or 3-1/2" round posts keeping your inventory flexible.
8. Also available for 6-5/8" posts or for 4-1/2" posts (special order).
9. 4000# reaction load rating.
10. Five year limited warranty (see warranty certificate for details.)

Included stops and bracket make it easy to add the infill panel required by ASTM 2200

To scale comparison Accura to ordinary roller.

Packaged as a complete set of 4 saving site labor.

1. 5/16" (8mm) galvanized steel bracket – gusseted 3 ways. 1/2" thick axle housing.
